

Discount Structure

Effective October 1st, 2024

In response to industry changes, we've simplified our discount program for easier use and better support. Visit our website for full details.

The discount structure does not include E-Tax or any other taxes and only applies to the product's base price.

**Disclaimer: The current 10% discount offered to Ontario customers will be discontinued starting October 1st, 2024.*

Key Points

Discount Validity

Starting **October 1st, 2024**, all existing discounts and promotions will be discontinued, aligning with our new, streamlined pricing and discount system.

Promo Exclusions
